

## End of Year Information

Soon we will be mailing your year end information for tax reporting. Please make sure BLC has your correct address to avoid delays in receiving your information.

It is important that we have all of your current personal information. In addition to a current address, daytime, evening, and cell phone numbers can be very important when dealing with time-critical issues.

While BLC will never call customers to ask for personal information such as social security or account numbers, occasionally we really do need to contact you. We can reach you faster if we have current information!

## PLANNING A WINTER GET AWAY?

If you're traveling this winter, don't forget to purchase a **Visa Travel Money** card for your travel expenses. It's much safer than cash, and can be easily replaced if lost or stolen. Travel Money cards can be used at ATMs and are widely accepted by merchants for purchases, including "cash back" transactions.

If you plan to use your **BLC Debit card** on vacation, it is important that you notify us of your travel plans. We will inform the debit card fraud monitoring system of your itinerary to avoid blocked purchases or cash advances.

Be safe and enjoy your winter travels!

## Online Banking and TeleBank
