

WENDY STEWARD

Branch Manager

(920) 687-7844 OFFICE

wendys@blccb.com EMAIL

Wendy Steward has been in banking for 25 years, starting out as a Teller at North Shore Bank. Over time, she moved up to roles like Personal Banker and Assistant Manager. At Fox Communities, she became a Branch Manager, handling operations and leading a team. Then, at First Business Bank, she focused on loans and managed the Appleton branch and its facilities.

Wendy's main focus is making sure you feel taken care of—she's all about customer service. Her passion for helping people is what drives her in her work.

Wendy's advice for new clients:

"Keep an eye on your accounts. Regularly monitoring your accounts—checking your transactions, balances, and statements—helps catch any unusual activity or errors early on. This simple habit of staying informed with your finances is key to maintaining financial health and security."

Outside of her banking work, Wendy enjoys time outdoors with her two lively puppies, often taking them for walks. Family is everything to her, and she treasures moments with her family and grandson. Whether exploring nature with her dogs or having special family gatherings, these times mean the world to her.
